SPAIN IN TROUBLE

Anarchy Is Rampant at Barcelona and the Feeling Is Growing.

BLOODY BATTLE WAGED

Reports of Conflict Between the Strikers and Troops Numbered of Slain at 500.

The Government Has Taken a Hand and a Battleship Has Been Ordered to Barcelona.

Madrid, Feb. 21.—The battleship Pelayo has been ordered to Barcelona. Owing to the strict censorship over news from Barcelona it is difficult to ascertain the real state of affairs there. It is quite certain, however, that all the efforts of the authorities to persuade the labor leaders into a conciliatory attitude have so far failed, and the extension of the strike movement is more likely than its restriction.

In addition to the labor movement, the ever-present Catalan home rule agitation is likely to prove a serious factor in the situation. On the hopeful sign is the fact that almost alone among the ministers and the governing authorities, General Weyler is in sympathy with the Catalan demands, and is inclined to study their grievances.

The strike movement has begun to spread seriously. At Castellon de la Plana, taking advantage of the night and of the absence of the police, the strikers set fire to two factories with the aid of petroleum. The factories were burned. At a workmen's meeting held at Castellon de la Plana a general strike was voted. It is feared the strike will next extend to Seville and Verona, and a ministerial crisis is not an unlikely outcome of the trouble.

According to telegrams received here from Barcelona the street fighting there continues. The heavy rain which fell yesterday helped to disperse the rioters, and the authorities are taking severe measures. A proclamation has been issued ordering all private individuals to surrender any weapons they may possess, under pain of severe penalties. The sale of arms has also been prohibited. Forty workmen's associations have been dissolved and the members of their committees arrested. The dwellings of the strike leaders and of anarchists are being registered and put under guard.

The military engineers have assumed control of the street car service and a few cars, half filled with soldiers, are running. Even the funeral coaches have to be protected by the police. No letters have been delivered in Barcelona in three days, and in some distant parts of the town business is completely paralyzed. The government declines to publish figures of the casualties in the riots of Tuesday and Wednesday. It is inferred from private information received here that 40 persons were killed and 200 wounded during the encounters of those days, and that 500 arrests have been made. All persons who were slightly wounded were concealed by their friends in order to avoid prosecution.

A PITCHED BATTLE

Strikers and Troops Come Together and Hundreds are Slain.

Barcelona, Feb. 21.—A fierce battle has been fought between the troops and the rioters in the suburbs of Barcelona known as Sano. Before the engagement the cavalry and infantry had been posted in the most dangerous points and a field battery had been located on the plaza, from which vantage point the guns could sweep the surrounding streets. When the final clash with the troops occurred the artillery was brought into action and raked street after street. The rioters engaged the batteries at close range but were finally driven off. It is reported that 500 persons were killed and wounded on both sides. The entire neighborhood was wrecked by the shells. The ruins caught fire and this completed the destruction. Further fighting is reported at Mataro, 15 miles from Barcelona, where a quantity of arms have been discovered. Fighting is also reported at Tortosa and Tarragona, respectively 100 and 50 miles southwest of Barcelona.

Incendiary posters have appeared here which threaten the orderly classes with terrible reprisals, saying that dynamite will be used to offset the murders of the troops. The strikers are looting numerous shops and private houses.

The best known anarchists have disappeared and the authorities are hunting for them. The negotiations which have been taking place between the newspaper publishers and the employers have failed. The railroad officials have announced the suspension of service on the lines owing to the resolute attacks which the rioters have made on the trains. Trades unions throughout Spain have declared their adhesion to the cause of the Barcelona strikers.

NEARING AN END

Summing Up of Cuban Posts Frauds Is In Progress.

Havana, Feb. 21.—The fiscal began summing up for the prosecution yesterday in the cases of the Cuban postal frauds. He withdrew all the charges against the two Cuban stamp clerks, Moya and Masara. He withdrew the charges against Estes 7. Rathbone of issuing duplicate warrants, and charged the issuing of these warrants to W. H. Reeves and C. F. W. Neely. He maintained the charges of conspiracy and extravagance against Rathbone and said these cases were the most important that had ever come before the Cuban courts. He declared that there was no doubt from the testimony of the experts that \$122,000 had been stolen. He said that Rathbone had full powers for the organization of the postal service in Cuba and was only responsible to the postmaster general, and that if the service had been properly organized the majority of the frauds in question could not have occurred. Rathbone, said the fiscal, did not deposit the funds as required by the postal laws, and that they should have been deposited when they were received, instead of which Rathbone left the money in the safe. This alone, the fiscal declared, rendered Rathbone liable to imprisonment for six months. He said that Rathbone must have known of these irregularities or stealings. He also introduced letters to show the intimacy which had existed between Neely, Reeves and Rathbone.

The fiscal is expected to finish his summing up today.

WILL INVESTIGATE

Revolting Charge Against Indian School Made In Congress.

Washington, Feb. 21.—The house spent yesterday working on the Indian appropriation bill. Forty-two of the 62 pages were disposed of. Several amendments were adopted, but none of much importance. The appropriation for preliminary work in the reservoir for the Gila river valley went out on a point of order. Mr. Smith (Arizona) offered an amendment to strike out the appropriation for the Carlisle school and it became the text for a general onslaught on the practice of educating Indians in Eastern schools. His amendment was defeated.

Just before the close of the session Mr. Fitzgerald (N. Y.) made an attack on the superintendent of the school at Mount Pleasant, Mich., who, he said, was charged with permitting the debauching of Indian girls. Mr. Sherman, chairman of the Indian committee, promised to make an investigation at the Indian office. With the exception of a few minutes given to routine business, the senate devoted its entire session to the Philippine question.

DRAMATIC POINT

The Patrick Trial the Scene of a Sensational Narrative.

VALET JONES TESTIFIES

Graphic Description of Incidents Leading Up to Murder of Millionaire Rice Given In Court.

The Old Man's Personal Attendant Does Not Spare Himself In the Confession.

New York, Feb. 21.—A very dramatic point in the trial of Lawyer Albert T. Patrick for the murder of the Texas millionaire, William Marsh Rice, was reached last evening. Chas. F. Jones, the valet, had been relating the circumstances leading up to the somewhat sudden death of Mr. Rice in September. Then, plunging at once into the details, he held the attention of his audience to the end of his recital. Freed of minor points his story follows:

In August Patrick grew impatient. Mr. Rice, though an invalid, was living too long to suit the lawyer's purpose. Patrick said he would come to the house and kill him himself if necessary. He suggested chloroform and Jones said he would get some. The idea of chloroform as a means was suggested by a magazine article. It was determined on after Jones talked with a physician who said a person whose heart was affected as was Mr. Rice's, could be most easily killed with it, and that little trace of the drug would be left. Jones got a two-ounce vial of it by writing to his brother in Texas.

Jones then branched off into the alleged plan adopted to weaken the already sick old man. This was by giving him mercury and iron pills. The pills brought on debilitating diarrhoea. Then unwittingly a friend brought Mr. Rice a present of bananas. Of these the old man ate nine. The fruit made him exceedingly ill and yet the weakening doses of mercury were kept up. By Saturday, being about the eighth day of the last illness, Mr. Rice became delirious. This testimony brought the events up to Sunday, the day of death, and the witness said that during these ten days of illness he had kept Patrick informed of the details personally and by telephone.

William Marsh Rice's quick death, declared the witness, was decided upon at a conference between Patrick and Jones, held Saturday night. Jones had told the lawyer of the arrival of a draft for \$25,000. Patrick told him it was time to apply the chloroform now that the draft had come and Captain Baker was coming, or they would lose all. Jones agreed. Jones then told his story of the actual killing. He made a cone of a towel, in the small end of which was a chloroform-soaked sponge. Creeping into the room where Mr. Rice lay sleeping, he quickly covered the sleeper's face with the large end of the cone.

Jones rushed out of the room. In half an hour he came back. He removed the cone. Mr. Rice was dead. Jones swore he telephoned to Patrick the word "Mr. Rice is very ill," the agreed signal between the two of death. Jones' story of the end was concluded by the statement that Patrick came to the house and removed all of Mr. Rice's papers.

Gen. Matos Defeated.

Willemstad, Island of Curacao, Feb. 21.—The Venezuelan government has received reports that the partisans of General Matos, the leader of the present revolution against President Castro, who, under the command of Generals Riera and Penaloza, lately landed on the Venezuelan coast near Velado Coro, were defeated by the government troops Feb. 17.

CUBAN RELIEF

It Is Now Proposed to Offer Straight Reciprocity.

Washington, Feb. 21.—The Republican members of the ways and means committee were in private conference for three hours yesterday afternoon on the subject of Cuban reciprocity, and although the conference went over without action, the members found themselves for the first time in possession of a proposition commanding considerable strength and understood to represent the attitude of the administration. This proposition was brought forward by Representative Long of Kansas and authorized the president, when Cuba was prepared to grant 40 per cent reduction in duties on United States exports to the island, to grant to Cuba a similar reduction of 40 per cent on all the products of the island coming to the United States. This was a straight reciprocity proposition, each side granting 40 per cent reduction without the complications appearing in some of the other propositions as to the method of payment, etc.

St. Peters Thronged.

Rome, Feb. 21.—The singing of the Te Deum in St. Peter's yesterday was the most impressive service in years. It was conducted by Cardinal Rampolla in the presence of 24 cardinals and 40 bishops. The pontifical noble guard was present in full dress uniforms worn for the first time since 1870. Three hundred representatives of Catholic associations, the Italian and foreign representatives of the religious orders and 20,000 spectators also listened to the service. At the conclusion of the Te Deum the pope appeared at a window of his apartments and watched the crowd disperse. He was saluted by the waving of hats and handkerchiefs.

Desperate Young Lover.

Philadelphia, Feb. 21.—Confined to his bed with a badly injured ankle, the result of a fall last week, Miss Gertrude Gohlke, aged 22, was shot dead yesterday by her lover, George Sutton, aged 19, who with his mother had come to the young woman's home in West Philadelphia to pay a visit. Still standing beside the bed, Sutton sent a bullet into his own breast, but his attempt to end his own life was defeated by hospital physicians, who say he will recover.

He Evaded Arrest.

CERTAINLY Senator Beveridge has gone right to the front in the United States Senate, and he deserves the confidence the senior senators have placed in him.—Liberty Herald.

THE republicans of the Sixth district renominated James E. Watson for congress at Connersville Thursday. In the Tenth district E. D. Crumpacker was renominated. Both nominations were by acclamation.

A GOOD lecture course is of much value to any community. The larger the support given it the greater are the results that follow. Thos. Dixon, of New York, who has been secured by the lecture course management for tomorrow night, is one of the most renowned platform orators in the country. Seymour is fortunate to secure him. He should be given a crowded house.

ONE day we hear that Miss Stone is free and the next day we hear she is not free. The frequent and sudden changes are enough to make her dizzy.

THE superintendent of the Kokomo schools has made an investigation and finds that 400 boys in the city schools there smoke cigarettes. A large proportion of these are doing exceedingly poor work in their school studies. The superintendent is convinced that it is the poisonous cigarette that is interfering with the progress of these boys and has so notified the school board. He announces further that the law regulating the sale of cigarettes to minors must be complied with in Kokomo or the dealers will have trouble on their hands. Such an action might be taken in most every city in the state. Good results would follow a crusade against the cigarette coffin nail.

ONE LIFE LOST

Battle Creek Sanitarium Fire Results Fatally.

Detroit, Mich., Feb. 19.—The Kellogg sanitarium at Battle Creek was destroyed by fire Tuesday, entailing a loss of \$500,000.

The 400 patients were gotten out with difficulty, many of them being partially overcome by smoke. A woman and a girl became excited and jumped from the third floor. Both suffered broken limbs, but will recover. The building was brick, 312 by 100 feet, six stories high. It was well insured.

It is supposed that one life was lost in the fire. The missing man is Abner Case, aged 83, of Bath, N. Y. Mrs. Case, who was at the Sanitarium with her husband, escaped. She said she supposed the nurse who was attending her husband succeeded in getting him out. His remains have not been recovered. Ira D. Sankey, the evangelist, was also an inmate of the institution, but managed to get out by climbing down a fire escape.

ROMANCE IN REAL LIFE

Suicide of Young Soldier Whose Fiancee Was Stricken Blind.

Columbus, O., Feb. 19.—Frank A. Furay of Omaha arrived here last night to take charge of the body of his brother, Lieutenant Clarence M. Furay, who committed suicide by shooting himself through the heart at the United States army barracks Monday. Frank Furay confirmed the story that his brother was engaged to a young woman at Omaha who was suddenly stricken blind and wired him that, such being the case, she was not fit to be an officer's wife. He is said to have brooded over this telegram. When he was a private the girl's parents would not allow a marriage, but she remained steadfast, and when he got his commission the engagement was announced. Lieutenant Furay was to go to the Philippines with the battalion of the Second regiment now stationed at Fort Thomas, Ky., and was sent here several weeks ago for duty with soldiers going from this post, with orders to join his organization at the Presidio, San Francisco.

Still Paying Interest.

Indianapolis, Feb. 21.—The 67th annual payment of interest to the state on a land mortgage of \$200 has just been made. In 1835 a Boone county man borrowed \$200 from the state, giving a mortgage on a piece of land. He agreed to pay 7 per cent interest. Each year since then the state has received \$14 from the loan. The total interest paid on the \$200 loan up to this time is \$938.

A Charge of Arson.

Corydon, Ind., Feb. 21.—Amelia Kintner, an aged widow, has been arrested accused of burning Anthony Wendell's barn. The barn burned a few nights ago with all its contents. Mr. Wendell alleges that he tracked the accused woman through the snow to her home, and that he knows of no reason unless because of his refusal to further aid her and her child.

Didn't Want to Go to Prison.

Marion, Ind., Feb. 21.—Benjamin Hutchinson, under sentence to prison for embezzlement, attempted suicide in the county jail yesterday with morphine. His life was saved, though his condition is yet serious. He wrote a letter to his father, saying that the deed was attempted with a full determination to end his life.

Held On Too Long.

Tipton, Ind., Feb. 21.—Warren Bessler of Jackson Station picked up a hercules powder cartridge, lighted the fuse and held it in his hand. He seemed to be aware of his danger, but powerless to throw it from him. The explosion tore off his left arm and inflicted other injuries from which he may die.

A Fatal Dose.

Newcastle, Ind., Feb. 21.—While Mr. and Mrs. Fansher were doing the evening chores children gave their infant child a drink of laudanum, and it died.

Child's Terrible Death.

Fort Wayne, Ind., Feb. 21.—The 2-year-old son of D. H. Hensinger was scalded to death by falling into a vessel filled with hot water.

OUR MOTTO:

Promptness.
Liberality.
Send us a
Card or Call, and
Our Representative
Will explain.

The Bank Safe is an oxidized and coppered steel bank with combination lock, and is highly ornamental and convenient. All sizes of coin can be put into it.

The Bank will be loaned to such of our depositors as desire them, or to any person who wishes to have one, and will deposit with us \$1.00. Credit for this sum will be given in a pass book, and the deposit must not be withdrawn until the bank is returned in good order. In consideration of our loaning you a bank, it is understood that you will deposit your savings with us at least once a month.

Money deposited in these Home Savings Banks can only be taken out at our office, where the keys are kept. When brought to us, the Bank is opened and the amount counted in the presence of the owner, and placed to his credit in his pass book.

The deposit of \$1.00 required before loaning the Bank, is for security only. It is entered in your pass book and will be returned to you when the Bank is returned to us in good order.

It's Advantages. You have in your home a bank always open for deposit. You can drop in small amounts you would not take to any bank, thus preventing you from spending them. Money kept loosely near at hand affords a continuous temptation to wastefulness. You cannot shake or get money out, as we hold the key; you consequently do what you ought—bring or send the Bank to us, have its contents counted and placed to your credit, where it will be a continual reminder, urging you to add more to it. Many persons waste in a lifetime enough to make them independent.

For Children. This is one of the best plans ever devised for encouraging economy and frugality in children, as money once placed in the safe cannot be taken out except at our office, and there it must be deposited. At the same time it gives a child valuable business experience, and the first lessons in economy are more easily learned if the savings are for some fixed and definite purpose.

Call for Convention.

The precinct committeemen will provide rooms in which the meetings will be held. Jackson county is entitled to fourteen delegates.

The points of meeting in the several townships and the apportionment of delegates and alternates are as follows: Jackson township at Seymour, 5 delegates, 5 alternates.

Brownstown at Brownstown, 1 delegate, 1 alternate.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The Greatest Money Saving Sale

Seymour ever had is still going on at the two large clothing stores known as the Famous and Mose the Boss.

This sale has doubled our expectation. Some of the stocks are slightly broken in sizes so if you can spare the money and want to save 25 to 50 per cent do not wait until it is too late to get what you want. Ask your neighbors and friends that have made purchases at these great sales whether the goods are cheap or not. All goods must be as represented and as advertised. As I said before you will find the higher and finer grade of goods at The Famous stand and the cheap and medium priced goods at the Mose the Boss stand. Come in and see for yourself whether you want to buy or not. Remember this is no fake sale.

Shaking up the Gamblers.

The trial now in progress at Vincennes involving several gamblers at Washington is attracting wide attention. The wife of Richard C. Davis is suing to recover money that her husband lost in gambling rooms at Washington, in all about \$38,000. The present suit is against Dallas Tyler, formerly of Seymour, and Matt Kelley, of Washington, to recover \$10,000. According to the published reports the defense has made out a pretty strong case. Besides submitting conclusive proof that Davis had lost large sums of money to Tyler and Kelley, they have proved that loaded dice and electric appliance were used at their gambling rooms in Washington to assist them in winning the money of such men as Davis. It was also proved that "cappers" were offered a per cent on winnings if they would induce Davis to go to Kelley's place to shoot craps. It is evident that the Washington gamblers thought they had a soft mark in Davis and they surely did as long as he had any money.

Unsolicited Testimonial.

The Seymour Republican is a good newspaper and is doing valiant service for the republican party of Jackson county. Its editors and proprietors are intelligent and responsible men, and they are republicans from principle. Their newspaper does not have to be subsidized to support the party. It will do so whether the party supports it or not. But now that the republicans of Jackson county have an able, and reliable newspaper, that can be depended upon in all emergencies, they ought to rally around it and give it such a support, in a substantial business way, that its proprietors can have no occasion to find fault and that will enable them to make a still stronger and better paper than it is at present. A strong, able newspaper well supported is essential to the success of the party in the county.—Columbus Republican.

We might add that the republicans and the people generally of Jackson county do appreciate a good paper. The ever increasing subscription list of the SEYMOUR REPUBLICAN is sufficient proof that they do.

Big Indiana Farms.

The biggest farm in Indiana is located in Jasper county. It is owned by B. J. Gifford, and comprises 25,000 acres. A woman, Mrs. Conrad, farms 7,000 acres in Newton county and personally superintends it. Drainage is said to be making millionaires of many owners of land in the Kankakee marsh regions. The fourth largest farm in the state is that of John Brown, in Lake county comprising 12,000 acres. In Porter county is the M. E. Reeves estate of 7,000 acres operated by former State Commissioner L. E. G. Howell. The Burke ranch has 5,000 acres and the third largest farm in Porter county is the W. E. Pinsky 5,000 acre tract which he farms on the tenant plan.

Quite a surprise was given Miss Grace Ewing last evening at the home of her parents on South Broadway by her classmates in High School, it being her 14th birthday anniversary. Refreshments were served, when all departed to their homes wishing the young lady many more happy birthdays.

In the Circuit Court at Jeffersonville application for a construction of the will of Mrs. Rosella Wright was argued and submitted Thursday. Mrs. Wright died January 4, and a will was filed bequeathing \$4,011 to relatives, some of them being cut off with \$1. Some time later John F. Potter, the executor, found \$3,400 in gold secreted in baking powder cans in a wood shed. This with other property found, ran the estate up to about \$15,000 to pay off the \$4,011. The heirs who were shut out have filed suit to break the will. There are relatives in Seymour who are interested in the estate. O. H. Montgomery is an attorney in the case.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The Grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

Nerve Slavery

It is present-day conditions—bearing burdens of work upon the nervous system that tells the story—premature breaking up of health.

It tells why so many men and women, who so far as age is concerned, should be in the prime of health, find themselves letting go of the strength, the power, the vitality they once possessed. It is because that great motor power of the body, nerve force, is impaired. Neither will the heart, the brain, the liver, the kidneys, the stomach act right without their proper nerve force supply. Let any organ be lacking in this essential and troubles begin—some of them are:

Throbbing, palpitating heart.
Sleepless nights.
Sudden startings.
Morning languor.
Brain fog.
Inability to work or think.
Exhaustion on exertion.
Flagging appetite.
Digestion slow.
Food heavy.
Easily excited, nervous, irritable.
Strength fails.
Loss of flesh and muscular power.
Settled melancholia.

SAVING THE FLAGS

Indiana Regiments, Tattered Standards Cannot Be Loaned.

Indianapolis, Feb. 21.—Charles E. Wilson, private secretary to Governor Durbin, acting in the absence of his chief, has refused another request for use of one of the regimental flags for a reunion of the 23d Indiana volunteer infantry. It is not generally known that the last legislature enacted a law forbidding that the regimental flags carried through the civil war by Indiana regiments be taken from the statehouse except for the dedication of the soldiers' and sailors' monument here in May. It is proposed that these old relics shall then be carried in parade by some of the men who marched under them in the '60's, but for no other purpose shall they be removed from the state museum. In spite of this law there are frequent requests for use of the flags. These requests are attributed as a rule to patriotic motives, as the flags are dear to the men who carried them, but Secretary Wilson says in view of the law it is obvious why the requests cannot be granted. It is the intent of the law to preserve the flags for another generation at least. Many of the flags are tattered, threadbare and rotten with age, and if they were to be handled roughly they would fall to pieces. The parade of the veterans with these old colors is to be made one of the distinct features of the dedication. Adjutant General Smock has just been notified that a rate of one cent a mile will be given the state encampment of the G. A. R. to be held here during the dedication. This is expected to swell the crowd of veterans.

There was a fresh rumor today that the Union Traction company and the Central Traction company would join hands in building an electric road from here to Kokomo by the way of Noblesville, Arcadia and Tipton, but the heads of both companies enter a denial. Horace Stilwell of Anderson, promoter of the Central Traction company, said today there would be no combination and that his company would build a road. It is now getting material and doing a little grading, although work is slow because of the ground being frozen. The Union Traction announced it would build after the other company had started construction. It is not believed the two will use the same route, although both declare they intend to build. Stilwell says his road will have cars running into Indianapolis from Tipton by the middle of the summer. Indianapolis will be an interurban center by that time, as the Martinsville and Shelbyville roads are nearing completion and three roads are already running into the city.

Governor Durbin and his party left Havana at noon today according to cables advices received here. They will arrive in Miami, Fla., tomorrow morning and will proceed to Palm Beach to spend Sunday. There will be a brief stop at Jacksonville Monday morning. Monday afternoon and evening will be spent at Savannah, Ga. Tuesday and Wednesday will be spent at the Charleston exposition. Wednesday has been designated as Indiana Day. The party will reach here next Friday at noon. Telegrams are received at the governor's office every few hours to the effect that the party is having a delightful trip.

Senator Beveridge arrived here in time yesterday afternoon to attend the funeral of his old friend C. F. Sayles. He left this afternoon for Chicago, where a banquet will be given for him tonight by a number of prominent men. Tomorrow night he will deliver an address before the Union League club of Chicago. The senator, in spite of the reports that he has been ill, is looking well and is in fine spirits.

It was announced today that the baseball season in this city will open April 23 and close Sept. 22. Indianapolis is in the newly organized American Association this year, with such cities as Louisville, Columbus, Toledo, Kansas City, Minneapolis and St. Paul.

CLOSED THE SCHOOL

Smallpox at Rose Polytechnic Causes a Scare.

Terre Haute, Ind., Feb. 21.—A student at the Rose Polytechnic Institute was afflicted with smallpox for some days while attending school. A physician told him that he had a light case of chicken-pox and he did not give up his school work. The true nature of the disease has now developed and the school is closed to permit a thorough fumigation of the buildings. In the case of the student at the Indiana Normal who attended for some days while afflicted, the physician diagnosed the case as tonsillitis. The health authorities say they find most of their trouble arising from failure of physicians to make prompt diagnoses.

It is

Lydia E.

that is curing women.

Yours for Health
Lydia E. Pinkham

Mrs. Watson tells all suffering women how she was cured and advises them to follow her example.

Here is her first letter to Mrs. Pinkham:

(PUBLISHED BY PERMISSION.)

March 15, 1899.

"TO MRS. PINKHAM, LYNN, MASS.:

"DEAR MADAM:—I am suffering from inflammation of the ovaries and womb, and have been for eighteen months. I have a continual pain and soreness in my back and side. I am only free from pain when lying down or sitting in an easy chair. When I stand I suffer with severe pain in my side and back. I believe my troubles were caused by over-work and lifting some years ago.

"Life is a drag to me, and I sometimes feel like giving up ever being a well woman; have become careless and unconcerned about everything. I am in bed now. I have had several doctors, but they did me but little good.

"Lydia E. Pinkham's Vegetable Compound has been recommended to me by a friend, and I have made up my mind to give it fair trial.

"I write this letter with the hope of hearing from you in regard to my case"—MRS. S. J. WATSON, Hampton, Va.

Mrs. Pinkham's advice was promptly received by Mrs. Watson and a few months later she writes as follows:

(PUBLISHED BY PERMISSION.)

November 27, 1899.

"DEAR MRS. PINKHAM:—I feel it my duty to acknowledge to you the benefit that Lydia E. Pinkham's Vegetable Compound has done for me.

"I had been suffering with female troubles for some time, could walk but a short distance, had terrible bearing-down pains in lower part of my bowels, backache, and pain in ovary. I used your medicine for four months and was so much better that I could walk three times the distance that I could before.

"I am to-day in better health than I have been for more than two years, and I know it is all due to Lydia E. Pinkham's Vegetable Compound.

"I recommend your advice and medicine to all women who suffer."—MRS. S. J. WATSON, Hampton, Va.

Mrs. Watson's letters prove that Mrs. Pinkham's free advice is always forthcoming on request and that it is a sure guide to health.

These letters are but a drop in the ocean of evidence proving that Lydia E. Pinkham's Vegetable Compound CURES the ills of women.

No other medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends.

Do not be persuaded that any other medicine is just as good. Any dealer who suggests something else has no interest in your case. He is seeking a larger profit.

Follow the record of this medicine and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by

Lydia E. Pinkham's Vegetable Compound
